

1989.731 MS0374

Fielden literature donated by Kent Industrial Measurements Limited

Publicity Articles:

- 1 A R Blanchard & B D Lazenby, 'Maxiscale: Design for the Seventies' Fielden Electronics Limited, 1970.
- 2 MAS Davies & B D Lazenby, 'On Watch: The Flow Failure Detector' Fielden Electronics Limited, early 1970s (x 2)
- 3 MAS Davies & B D Lazenby, 'On-Line: Flowmeter For Solids', Fielden Electronics Limited, early 1970s
- 4 G Lancashire & B D Lazenby, 'Temperature Control For Under £16 Per Point' Fielden Electronics Limited, early 1970s
- 5 B D Lazenby, 'Level Detection In China Clay Production', early 1970s.
- 6 MAS Davies & B D Lazenby, 'Oil Off Troubled Waters', Fielden Electronics Limited, early 1970s

General Publicity Booklets:

- 7 'Fielden level Instrumentation' , 1870 *MISSING*
- 8 'Fielden In The Textile Industry', 1974 (in English, German and Spanish). *MISSING*
- 9 'Low Cost Direct Digital Control' 1972
- 10 'Fielden Monitoring/Alarm Systems', 1971
- 11 'Fielden Level Indicators And Controllers', 1974
- 12 'Fielden Process Control Instrumentation', 1974

Instrument Publicity Leaflets And Booklets:

- 13 'Fielden Maxiscale Indicator Controllers', 1972 *MISSING*
- 14 'Borehole Level Transducer UT35/1, UT35/2', 1967
- 15 'Tekter 6622 Multipoint Level Indicator', 1969
- 16 'Flow Telstor: Flowmeter For Particulate Solids', 1971
- 17 'Flow Tektor Checks Cyclone Spin-Off', early 1970s
- 18 'Flow Tektor: Flow And Flow Failure Detector', 1971
- 19 'Specialists In Heaters And Temperature Control Equipment For The Synthetic Yarn Industry', 1968
- 20 'Data Logging Equipment'. 1970
- 21 '300 Series Data Logging Equipment', 1971
- 22 '300 Series Data Logging Equipment', 1971
- 23 '300 Series Data Logger', 1972
- 24 'Telstor Controllers Types E426 and E429, Installation And Operating Instructions', 1971

Photographs:

- 25 Black and white print of Holt Town works, the top floor of which was Fielden Electronics' original premises, 1956
- 26 Black and white print of Fielden Electronics factory, Wythenshawe, 1956
- 27 Black and white print of aerial view of Wythenshawe Industrial Estate showing Fielden Electronics
- 28 Black and white print of Fielden Electronics demonstration caravan and Landrover at UMIST, 1973
- 29 Black and white print of Fielden Electronics display stand showing Flow Tektor in use, 1971
- 30 Black and white print of Fielden Electronics/ George Kent Group exhibition stand, 1972
- 31 Black and white print showing Tektor TT6 potted units and probes in use in a factory, 1964
- 32 Colour print of Fielden units (type unknown) in use (nd)
- 33 Black and white print of maxiscale (nd)
- 34 Colour print of maxiscale indicator and temperature selector (nd)

- 35 File of leaflets on range of instruments, 1972, with small leaflets on instruments and on finding Fieldens
- 36 Book of press cuttings on Fielden Electronics, July 1972 – November 1974
