

Box listing number	Title	Dates	Earliest date	Latest date	Level	Extent	Creator	Description	Person keyword name
2006.34/1	Additional Material relating to Nascom 1 computer	1979 - c.1982	1979	c. 1982	File	12 Items	Nascom	Miscellaneous handbooks, instruction manuals and programme lists, plus component and programming books of the period	
2006.34/1/1	8k Tape Basic - programming manual	1979	1979	1979	Item		Nascom	Instruction manual for the Nascom 8k Tape Basic	A. R. Rundle
2006.34/1/2	An Insight to Nascom ROM Basic	c.1979	c.1979	c.1979	Item		A. S. Watkins	Research paper (dissertation?) on understanding and using Nascom software.	
2006.34/1/3	Memory Plague	n.d.	n.d.	n.d.	Item		Unknown	Article on identifying memory plague on a computer and how to eradicate it.	
2006.34/1/4	Circuit Diagrams	1980	1980	1980	Item		Troxel Products Ltd.	Diagrams of input and output circuits as well as resistors for the Nascom 1	
2006.34/1/5		1968 - c.1980	1968	c.1980	Item				
2006.34/1/6	Second Sight	1981	1981	1981	Item		A. S. Watkins	Follow up paper to 'An Insight to Nascom ROM Basic'	
2006.34/1/7	Ferranti Semiconductors	1978 - 1980	1978	1980	Item		Ferranti Ltd.	instruction booklets on using ferranti circuits and converters.	
2006.34/1/8		n.d.	n.d.	n.d.	Item			Miscellaneous coding sheets relating to Nascom	
2006.34/1/9	ZEAP Z80 Assembler - Source listing	n.d.	n.d.	n.d.	Item		Richard Beal	Source listing code for the Zeap Z80	
2006.34/1/10	Nascom XBASIC manual	c. 1982	c. 1982	c. 1982	Item		Nascom	Instruction manual for the Nascom XBASIC	
2006.34/1/11	035F ZEAP Disassembly	n.d.	n.d.	n.d.	Item			Booklet containing code on disassembling ZEAP	
2006.34/1/12	Microsoft 8K Basic	n.d.	n.d.	n.d.	Item		Nascom	Booklet outlining the features of the Nascom 8K Basic, how it relates to the Microsoft 8K Basic, and instructions on how to use it.	
2006.34/2	Collection of books on computer programming	1974 - 1992	1974	1992	File	9 Items		Various published books on the subject of coding and programming for beginners	
2006.34/2/1	Structured Programming - A first course for students and hobbyists	1983	1983	1983	Item		McGraw-Hill (Publisher) Peter E. Gosling (Author)	Book on the subject of coding - all styles.	
2006.34/2/2	Signetics: Digital Linear Mos, Data Book	1974	1974	1974	Item		Signetics Corporation	Book on signetics data	
2006.34/2/3	Basic BASIC: An introduction into computer programming in basic language	1978	1978	1978	Item		Hayden Book Company (Publisher) James S. Coan (Author)	Second Edition of an introduction to using BASIC coding	
2006.34/2/4	Basic BASIC: An introduction to programming	1978	1978	1978	Item		Edward Arnold (Publisher) D. M. Monro (Author)	Book on programming for beginners using BASIC coding	
2006.34/2/5	Quarndon Designer's Guide (Vol 1)	1980	1980	1980	Item		Quarndon Electronics	Catalogue of available semiconductors and other computer equipment manufactured by AMD and stocked by Quarndon Electronics	
2006.34/2/6	Programming With Graphics	1983	1983	1983	Item		Granada (Publisher) Garry Marshall (Author)	Book outlining methods of computer graphics production, for professionals and novices	
2006.34/2/7	Simple Interfacing Projects	1983	1983	1983	Item		Granada (Publisher) Owen Bishop (Author)	Book giving an introductory look at interfacing a personal computer with varying degrees of difficulty	
2006.34/2/8	Introduction to Programming	1992	1992	1992	Item		Que Corporation	Textbook on an introduction to computer programming	
2006.34/2/9	Memory Data Book and Designers Guide	1979	1979	1979	Item		Mostek Corporation	Catalogue listing available memory data, includes list of sales reps and stockists.	
2006.34/3	Books files and equipment for BASIC programming	1980 - 1987	1980	1987	File	10 Items		collection of books, papers and equipment relating to BASIC computer programming	
2006.34/3/1	Bulliten Board Directory for Einstein User	1987	1987	1987	Item		R. M. Clarke	Directory of telephone numbers to help users access bulliten boards and other commercial systems. Includes locations and times for each number.	
2006.34/3/2	BBC BASIC (Z80) Reference Manual	1983-1984	1983	1984	Item		M-Tec Soft	Instruction Manual for the BBC BASIC colour micro computer	Doug Mounter (Writer)
2006.34/3/3	Dr. Logo Introduction	1984	1984	1984	Item		Tatung	Introductory manual outlining common commands of Dr. Logo including examples	J. Ranglely (Writer) R. M. Clarke (Editor)
2006.34/3/4	Tatung Einstein Relatively BASIC	1986	1986	1986	Item		Solo Software Ltd	Book outlining some of the lesser known (advanced) aspects of programming the Tatung Einstein micro computer. Appendices include extensive list of diagrams and code.	
2006.34/3/5		1980 - 1983	1980	1983	File	5 Items		Various documentation and magazine excerpts relating to computer circuits and software	
2006.34/3/5/1	Dynamic RAM controller i. c.	1983	1983	1983	Item		RS Data	Booklet outlining the features of Dram drives and different operating modes	
2006.34/3/5/2	Interface components	1980	1980	1980	Item		Computing Today	Magazine clippings from Computing Today advertising various computing equipment such as keyboards and printers, by manufacturers including Nascom, PET and Apple	
2006.34/3/5/3	Single-Component 8-Bit Microcomputer	1980	1980	1980	Item		Intel	Instruction Manual for an Intel 8031/8051/8751 Computer	
2006.34/3/5/4	D.C. Power Controller	1982	1982	1982	Item		Michael Tooley (Writer) Practical Electronics (Featured in)	Magazine article about power controllers. Includes diagrams and specifications	
2006.34/3/5/5	Ingenuity Unlimited	1982	1982	1982	Item		Practical Electronics	Selection of original circuit ideas submitted by readers of Practical Electronics, each included a diagram with their submission	
2006.34/3/6	NAS-DIS: Disassembler for NASCOM microcomputers	1980	1980	1980	Item		Nascom	Instruction manual for using disassemblers with Nascom software	
2006.34/3/7	ZEAP Z80 Assembler - Source listing	n.d.	n.d.	n.d.	Item		Richard Beal	Source listing code for the Zeap Z80	
2006.34/3/8	Computer control is child's play - NASCOM 2	c. 1978	c. 1978	c. 1978	Item		Lucas Control Systems	Brochure advertising the NASCOM 2	

Box listing number	Title	Dates	Earliest date	Latest date	Level	Extent	Creator	Description	Person keyword name
2006.34/3/9	ZEAP Z80 Assembler - Source listing	n.d.	n.d.	n.d.	Item		Richard Beal	Source listing code for the Zeap Z80	
2006.34/3/10	programming code on acetate	c. 1980s	c. 1980s	c. 1980s	Item		Cinephoto Equipment Ltd (Manufacturer)	circuit diagrams, formulae and coding drawn on clear Acetate	
2006.34/3/11	programming code on acetate	c. 1980s	c. 1980s	c. 1980s	Item		Cinephoto Equipment Ltd (Manufacturer)	circuit diagrams, formulae and coding drawn on clear Acetate	
2006.34/4	Nascom 1 Computer Material	1976 - 1984	1976	1984	File	5 Items		Papers and documentation relating to Nascom 1 Computers	
2006.34/4/1	Notes and Programs Nascom 1	1983 - 1984	1983	1984	Item		Unknown	various handwritten/drawn notes and diagrams for programming the Nascom 1	
2006.34/4/2	Games Tape	n.d.	n.d.	n.d.	Item		Unknown	Handwritten programming instructions for executing games on a computer	
2006.34/4/3	Instruction Manuals	c. 1977	c. 1977	c. 1977	Item		Nascom	various instruction manuals for nascom software	
2006.34/4/4	Z80 Programming Manual	1977	1977	1977	Item		Mostek Corporation	Programming manual for the mostek Z80 computer system	
2006.34/4/5	Z80 Parrallel I/O Technical manual	1976	1976	1976	Item		Mostek Corporation	Technical Manual for the MK 3881 Parrallel I/O Controller	
2006.34/5	Nascom 1 Computer Material				File	16 Items			
2006.34/5/1	NASBUS Functional Specification	1978	1978	1978	Item		Nascom	Booklet outlining the electrical and physical characteristics of the NASBUS	A. R. Rundle
2006.34/5/2	Buffer Board Functional Specification	1978	1978	1978	Item		Nascom	Document defining the electrical and physical characteristics of the Buffer Board.	C. Shelton/ A. R. Rundle
2006.34/5/3	NASCOM Buffer Board Construction Notes	1978	1978	1978	Item		Nascom	Construction manual with checklist for the NASCOM Buffer Board	
2006.34/5/4	Tiny BASIC reference manual	n.d.	n.d.	n.d.	Item		Nascom (original)	instruction manual on how to run and install programs on the B-BASIC for the Nascom 1	
2006.34/5/5	NASCOM 1	c. 1977	c. 1977	c. 1977	Item		NASCO sales Ltd/Lynx Electronics London	booklet advertising the Nascom 1, outlining the features, price and an order form at the back	
2006.34/5/6	Nascom 1 Software Notes	c. 1977	c. 1977	c. 1977	Item		NASCO sales Ltd/Lynx Electronics London	Operating system manual for the Nascom 1	
2006.34/5/7	Nascom 1 Construction Notes	1978	1978	1978	Item		NASCO sales Ltd/Lynx Electronics London	Nascom 1 construction board handbook	
2006.34/5/8	Nascom Memory Board Construction Notes	1979	1979	1979	Item		Nascom	Construction manual for the Nascom memory board.	
2006.34/5/9	Nascom Memory Card Functional Specification	1978	1978	1978	Item		Nascom	specification outlining the electrical and physical characteristics of the Nascom extended memory card.	N. Harrison (Originator), P. Greenhalgh (Approval)
2006.34/5/10	B-BASIC Manual	c.1979	c.1979	c.1979	Item		Unknown (Presumably Nascom)	instruction manual on how to run and install programs using B-BASIC for the Nascom 1	
2006.34/5/11/	Nascom Interface Logic	n.d	n.d.	n.d.	Item		Unknown (presumably donor)	handdrawn diagram of the Nascom 1 Interface, accompanied by a printed version	
2006.34/5/12	Nascom Extended Basic (XBASIC) Manual	c.1979	c.1979	c.1979	Item		Unknown (presumably Nascom)	instruction manual on how to run and install programs using XBASIC for the Nascom 1	
2006.34/5/13	NAS-SYS 3 - Improved version of NAS SYS 1	c.1980	c.1980	c.1980	Item		Unknown (Presumably Nascom)	Manual for using the NAS-SYS 3 - an operating system for Nascom 1 and Nascom 2 microcomputers	
2006.34/5/14	ZEAP Z80 Assembler - Source listing	n.d.	n.d.	n.d.	Item		Richard Beal	Source Listing code for the ZEAP Z80 Assemblers	
2006.34/5/15	NASCOM BASIC (8K)	n.d.	n.d.	n.d	Item		Unknown (Presumably Nascom)	Manual outlining the features offered by the Nascom 8K BASIC	
2006.34/5/16	BBC Microcomputer User Guide	1982	1982	1982	Item		John Coll (Author), BBC (Publisher)	User Guide for the BBC microcomputer, part of a collection that included a registration card, cassette, introductory booklet and aerial lead	David Allen (Editor)
2006.34/6	Tatung Einstein Microcomputer Material				File	28 Items	Tatung Einstien	Magazines, floppy discs, cassettes and other miscellaneous material relating to the Tatung Einstin Microcomputer	
2006.34/6/1	Tatung Einstein User Vol 1 Issue 1	1984	1984	1984	Item		Tatung Einstein	First ever issue of The Einstein User magazine, an independent quarterly magazine aimed at Microcomputer enthusiasts, priced at 95p	Karl Dallas (Editor)
2006.34/6/2	Tatung Einstein User Vol 1 Issue 1	1984	1984	1984	Item		Tatung Einstein	First ever issue of The Einstein User magazine, an independent quarterly magazine aimed at Microcomputer enthusiasts, priced at 95p	Karl Dallas (Editor)
2006.34/6/3	Tatung Einstein User Vol 1 Issue 3	1985	1985	1985	Item		Tatung Einstein	Volume 1 Issue 3 of The Einstein User magazine, priced at 95p	Karl Dallas (Editor)
2006.34/6/4	Tatung Einstein User Vol 1 Issue 4	1985	1985	1985	Item		Tatung Einstein	Volume 1 Issue 4 of The Einstein User magazine, priced at 95p	Karl Dallas (Editor)
2006.34/6/5	Tatung Einstein User Vol 2 Issue 1	1986	1986	1986	Item		Tatung Einsten	Volume 2 Issue 1 of the Einstein User magazine, priced at 95p	Karl Dallas (Editor)
2006.34/6/6	Tatung Einstein User Vol 2 Issue 4	1986	1986	1986	Item		Tatung Einstein	Volume 2 Issue 4 of the Einstein User magazine	Roy Clarke, David Bell (Editors)
2006.34/6/7	Tatung Einstein User Vol 3 Issue 3	1987	1987	1987	Item		Tatung Einstein	Volume 3, Issue 3 of Einstein User magazine	Roy Clarke (Editor)
2006.34/6/8	Tatung Einstein User Vol 3 Issue 4	1988	1988	1988	Item		Tatung Einstein, B&H Computers (Publisher)	Volume 3, Issue 4 of Einstein User magazine	Brian Thomas (Editor)
2006.34/6/9	Tatung Einstein User Vol 4 Issue 1	1988	1988	1988	Item		Tatung Einstein, B&H Computers (Publisher)	Volume 4 Issue 1 of Einstein User magazine	Brian Thomas (Editor)
2006.34/6/10	Tatung Einstein User Vol 4 Issue 2	1988	1988	1988	Item		Tatung Einstein, B&H Computers (Publisher)	Volume 4 Issue 2 of Einstein User magazine	Brian Thomas (Editor)
2006.34/6/11	Small Business Accounts and V.A.T made Simple	c.1985	c.1985	c.1985	Item		Tatung Einstein	Einstein Simplex Instruction manual, includes floppy disc	Geoffrey Whitehead (Writer)

Box listing number	Title	Dates	Earliest date	Latest date	Level	Extent	Creator	Description	Person keyword name
2006.34/6/12	WDPRO for use with Einstein colour microcomputer	1984-1985	1984	1985	Item		B. R. Gladman (reference manual), B. Verlaan (user guide) Kuma Computers (publisher)	WDPRO user guide and manual for people using the Tatung Einstein colour microcomputer. Includes 3 floppy discs	
2006.34/6/13	Home Budget for use with Einstein colour microcomputer	1984	1984	1984	Item		Tatung UK, Kuma Computers Ltd	System designed to enable build up of personal data files to use with the einstein microcomputer. Includes user guide and floppy disc	
2006.34/6/14	FMP Business Software 'THE BIG 3'	c.1985	c.1985	c.1985	Item		Fydler Microprogramming Limited (FMP)	programming system incorporating datamate, wordmate and mailmate. Includes user manual, floppy disc and test passwords	
2006.34/6/15	Einstein Assembly Language Course	1986	1986	1986	Item		Glentop (Publisher) Mike Bayliss (writer)	book and floppy disc to provide a course in in Z80 assembly language programming	
2006.34/6/16	TAPE 1	n.d.	n.d.	n.d.	Item		unknown	Cassette tape labelled (1) with recordings on both sides, listed on front. Cassette manufactured by SHARP	
2006.34/6/17	TAPE 4	n.d.	n.d.	n.d.	Item		unknown	Cassette tape labelled (4) with recordings on both sides, listed on front. Side two features games.	
2006.34/6/18	TAPE 6	n.d.	n.d.	n.d.	Item		unknown	Cassette tape labelled (6) with recordings on both sides listed on front. Cassette manufactured by EMI.	
2006.34/6/19	Untitled Cassette	n.d.	n.d.	n.d.	Item		unknown	Cassette tape with 'scale converter' recording. Cassette manufactured by Aro	
2006.34/6/20	Untitled Cassette	n.d.	n.d.	n.d.	Item		unknown	untitled cassette tape with recordings on both sides listed on front	
2006.34/6/21	Untitled Cassette	n.d.	n.d.	n.d.	Item		unknown	untitled and unlabelled cassette tape	
2006.34/6/22	Rocket Giant Maths Mighty Writer	c.1985	c.1985	c.1985	Item		Solo Software Ltd	maths and literacy program in floppy disc format	
2006.34/6/23	Einstein Language Master BBCBASIC v 2.31	1982	1982	1982	Item		R. T. Russell, M-Tec Soft, Tatung	Floppy disc and instruction guide for running programs using the Einstein Language Master	
2006.34/6/24	Amsoft compact floppy disc	n.d.	n.d.	n.d.	Item		unknown	Double sided floppy disc with program entitled 'Slave' on both sides	
2006.34/6/25	Einstein BBCBASIC (Z80)	1982	1982	1982	Item		R. T. Russell, M-Tec Soft, Tatung	Double sided floppy disc with program entitled 'Xtal Dos 1.31' on both sides. Name and address of previous owner on case	
2006.34/6/26	Einstein Simplex Program Master	n.d.	n.d.	n.d.	Item		Tatung Einstein	Floppy disc containing Einstein-Simplex program. Disc manufactured by maxell	
2006.34/6/27	Tatung compact floppy disc	n.d.	n.d.	n.d.	Item		Tatung	Double sided floppy disc with 'wordstar' on one side and 'Dbase II' on the other	
2006.34/6/28	Scart Lead	n.d.	n.d.	n.d.	Item		unknown	plastic scart lead	
2006.34/7	Microprocessing Collection	1976 - 1982	1976	1982	File	16 Items	various	Various papers and files relating to microprocessors and microprocessing	
2006.34/7/1	Books and Journals in Electrical and Electronic Engineering	1977	1977	1977	Item		Pergamon Press	Catalogue listing various books on electronic engineering with reviews and pricelists	
2006.34/7/2	ComputerAutomation: NAKED MINI Division	c. 1976	c.1976	c.1976	Item		ComputerAutomation	Catalogue outlining the features of the NAKED MINI 4 microcomputer	
2006.34/7/3	NAKED MINI 4 General Information Catalog	1977	1977	1977	Item		ComputerAutomation	Catalogue giving in depth information of the NAKED MINI 4 microcomputer	
2006.34/7/4	M6800 MOTOROLA Semiconductors	1977	1977	1977	Item		Motorola	Booklet outlining the features of the Motorola M6800	
2006.34/7/5	PMS-500 Microcomputer Instrumentation System	1977	1977	1977	Item		Bell & Howell Ltd.	Instruction booklet for PMS-500 Microcomputer, & Module Specification Sheet for the PMM-53 and PD-500 RAM Based Program Simulator	
2006.34/7/6	SEQUEL Programming Control System	1978	1978	1978	Item		Hawker Siddeley Dynamics Engineering LTD	Booklet outlining key features of the SEQUEL programming system	
2006.34/7/7	Symposium on Microprocessor Applications	1978	1978	1978	Item		IEE	Booklet listing lectures given by various experts in microprocessor engineering	
2006.34/7/8	Various papers relating to the Symposium on Microprocessor Applications	c.1977-1978	c.1977	1978	File	5 Items	unknown	papers, handwritten notes and sheets of code relating to the symposium on microprocessor applications	
2006.34/7/8/1	Symposium on Microprocessor Applications - Programme	1978	1978	1978	Item		IEE	Programme stating the times and a brief synopsis of lectures given at the symposium on microprocessor applications	
2006.34/7/8/2	Using the Cyber 72/Sample Run	c. 1978	c.1978	c.1978	Item		unknown	Instructions on how to run the Cyber 72 Assembler/Simulator and a copy of a sample run	
2006.34/7/8/3	M6800 Assembler Version 1.2a	c.1977	c.1977	c.1977	Item		unknown	Sample run of the Motorola M6800 Assembler	
2006.34/7/8/4	Motorola Semiconductor Products	c.1977	c.1977	c.1977	Item		Motorola	indexes and instructions presented in tables for Motorola semiconductor products	
2006.34/7/8/5	Addressing Modes	c.1977	c.1977	c.1977	Item		unknown	handwritten notes, presumably for use with microprocessors	
2006.34/7/9	Symposium on Microprocessor Applicants	c. 1978	c.1978	c.1978	Item		Dr. E. T. Powner	Essay written about the Applications of microprocessors in medical and measurement systems	
2006.34/7/10	Mostek 1977 Product Guide	1977	1977	1977	Item		Mostek UK	Product guide listing available memories and microprocessors both for industrial and consumer use in 1977	
2006.34/7/11	Signetics microprocessor pipbug 5550	c.1977	c.1977	c.1977	Item		Signetics Corporation	Applications memo of the PIPBUG, part of the 2650 Microprocessor	
2006.34/7/12	Designing with Microcomputers	1976	1976	1976	Item		Signetics Corporation	Introductory text on microcomputer fundamentals, includes tables and diagrams	
2006.34/7/13	"ATHENA" 2650 Microcomputer System	c. 1977	c.1977	c.1977	Item		Syace Ltd	Pricelist and product Specification for the Athena standard microprocessing board	
2006.34/7/14	SYMOS Logic: Standard function cards for industrial control systems	c.1977	c.1977	c.1977	Item		Syace Ltd	booklet outlining the range and features of various function cards for the LOCMOS family manufactures by Syace	
2006.34/7/15	Microprocessors	1978	1978	1978	Item		University of Salford	Microprocessors course booklet from the electrical engineering department at the University of Salford	

Box listing number	Title	Dates	Earliest date	Latest date	Level	Extent	Creator	Description	Person keyword name
2006.34/7/16	Course Notes (yellow folder)	1981 - 1982	1981	1982	Item		unknown	Various handwritten notes, drawings and printouts, presumably this was a university students folder for a microprocessing course	
2006.34/8	Additional Material relating to Nascom 1 computer				Item		Nascom	Miscellaneous handbooks, instruction manuals and programme lists.	
2006.34/8/1	NASCOM BASIC (8K)	n.d.	n.d.	n.d	Item		Unknown (Presumably Nascom)	Manual outlining the features offered by the Nascom 8K BASIC	
2006.34/8/2	ZEAP Z80 Editor Assembler Package for the Nascom 1 Computer	1979	1979	1979	Item		Sigma	Manual describing the Zeap package, includes appendices and instructions for use	
2006.34/8/3	Nascom Microcomputer Systems Documentation	1979	1979	1979	Item		Nascom	Documentation relating to Nascom computer systems	
2006.34/8/4	Loose Papers	1981-1982	1981	1982	Item		unknown	Collection of loose papers, invoices and handwritten notes relating to computers and nascom computing systems	
2006.34/8/5	Tatung Einsoft "The Cracker"	1984	1984	1984	Item		Tatung	User Manual and floppy disc for the Einsoft computer program 'The Cracker'	
2006.34/9	Collection of books on computer programming				File	13 Items		Various published books on the subject of computer programming	
2006.34/9/1	Introduction to Programming	1968	1968	1968	Item		Digital Equipment Corporation	Book providing an introduction to early computer programming using the PDP-8 system	K. Olsen
2006.34/9/2	Introduction to Programming	1970	1970	1970	Item		Digital Equipment Corporation	Second edition of Introduction to programming (1968)	
2006.34/9/3	Programming Languages	1970	1970	1970	Item		Digital Equipment Corporation	Companion book to Introduction to Programming (1970). Collection of programming language texts for PDP-8 users	
2006.34/9/4	Z80 Applications	1983	1983	1983	Item		J. Cotton (Author) Sybex (Publisher)	Book outlining the uses of Z80 Applications	
2006.34/9/5	Mostek MK 3880 Central Processing Unit	1977	1977	1977	Item		Mostek	Technical Manual for using the MK 3880	
2006.34/9/6	Mostek MK 3881 Parallel I/O Controller	1976	1976	1976	Item		Mostek	Technical Manual for using the MK 3881 Parallel I/O Controller	
2006.34/9/7	Mostek Z80 Programming Manual	1977	1977	1977	Item		Mostek	Programming Guide for the Z80 Microcomputer	
2006.34/9/8	The Transputer Development and iq systems Databook	1989	1989	1989	Item		Inmos	Book containing an overview of inmos software development tools and products	
2006.34/9/9	Transputer Databook (Second Edition)	1989	1989	1989	Item		Inmos	Second edition of The Transputer Development and iq systems Databook (1989)	
2006.34/9/10	Mullard Quick Reference Guide	1983	1983	1983	Item		Mullard	Programming reference book	
2006.34/9/11	Quick Reference Guide 1982 Part 1	1982	1982	1982	Item		Mullard	Part one in a series of books outlining discrete semiconductors, passive components, valves and tubes	
2006.34/9/12	Quick Reference Guide 1982/3 Part 2	1982-1983	1982	1983	Item		Mullard	Part two in a series of books outlining Integrated circuits	
2006.34/9/13	programming code on acetate	c. 1980s	c. 1980s	c. 1980s	Item		Cinphoto Equipment Ltd (Manufacturer)	circuit diagrams, formulae and coding drawn on clear Acetate
