ABB

The Abbott Collection of Photographs, Slides and Postcards of Windmills in Britain and Europe.

The archive was presented by Mr Geoffrey Abbott of Grange-over-Sands, Cumbria to the Newcomen Society in March 1988. The Society placed it on loan with the Science Museum's Archives Collection in October 1990.

Mr J S P Buckland wrote a short descriptive article on the archive for the *Newcomen Bulletin* (no.141, Aug 1988)

Geoffrey Abbott compiled the bulk of the archive whilst stationed with H M Forces in the Netherlands in the early 1970s. He was subsequently (1974-1982) a Yeoman Warder at the Tower of London and wrote several short books on aspects of its history. In 1985 he became Mace Bearer to the Mayor of Kendal
