NORWEB	Collection	2011.19				
	Item	2011.19/1	Folder	1893-1956	Manchester Corporation Electricity Department. NORWEB	Folder entitled: A History of Dickinson Street S/S [Sub-Station] & Manchester Corporation Electricity Department Containing the following: A copy of an article from 'The Electrician' October 6 1893 'Manchester Municipality Electric Power Station. Typed sheets 'A Brief History of Dickinson Street Station Together with a Description of No.1 Sub-Area Control. A number of copies of articles and statistics related to Dickinson Street and electricity production. A small number of photographs of Dickinson Street and Bloom Street generating stations
	Item	2011.19/2	Engineering Drawing	1970	W.T. Glover & Co Ltd	Jointing Diagram for 33 KV Gas Filled Cable Straight Joint'
	Item	2011.19/3	Book	1963	The North Western Electricity Board	Forerunners of The North Western Electricity Board' by W.E. Swale
	Item	2011.19/4	Sign		The North Western Electricity Board	The North Western Electricity Board No. 2 Sub Area District 2D 'In the Event of an Emergency'
	Item	2011.19/5	Map	c.1920s	Manchester Corporation Electricity Works	M.C.E.W. Diagram of Distributing Mains' Outline of streets with manuscript additions indicating route of cables for electricity supply.
	Item	2011.19/6	Map	c.1920s	Manchester Corporation Electricity Works	Mr Ord. M.C.E.W. Diagram of Distributing Mains' Outline of streets with manuscript additions indicating route of cables for electricity supply.
	Item	2011.19/7	Document	1940	Manchester Corporation Electricity Department	L.R. Lee Damage Due to Enemy Action' Full Scope book containing black & white photographic prints with hand written comments on location and actions taken to re-instate supply
	Item	2011.19/8	Folder			Containing the following: 'Copper for Earthing' Issued by the Copper Development Association. 1938. Small series of documents related to War Damage. 'Extract from an Historical Record of The Corporation of Manchester 1894, The Electric light Installation' 'Air Raid Damage, Analysis of Reports Submitted to Electricity Commissioners' Small series of black & white photographic prints showing air raid damage
	Item	2011.19/9	Book	1929		Cable Research Handbooks' Vol I. 'Rules Regulations and Specifications Affecting The Supply and Distribution of Electricity
	Item	2011.19/10	Book	1928		Alternating Current Power Measurements' by G.F. Tagg
	Item	2011.19/11	Binder	c.1940-1960s		Binder containing various drawings for types of jointing connections
	File	2011.19/12	War Damage Mains & Services'	c1940-1943	Manchester Corporation Electricity Department	Binder containing the following: Form W.D. containing information such as details of the incident, location, extent of damage, actions taken to repair damage, estimated costs.
	Booklet	2011.19/13	Law and The Power Engineer' by R Pollard & A Palmer	1959	Electrical Power Engineers Association	
	Pamphlet	2011.19/14	Bold Power Station'	c.1970s	Central Electricity Generating Board, North Western Region	
	Pamphlet	2011.19/15	New Electricity Offices for Preston Area'	1962	The North Western Electricity Board	
	Booklet	2011.19/16	Clarence Dock Liverpool'	c.1960s	British Electricity Authority, Merseyside & North Wales Division	
	Pamphlet	2011.19/17	Ince Power Station'	1957	Central Electricity Generating Board, North Western Region	
	Booklet	2011.19/18	The Effect of Alternating Current Electrification on Cable Box Filling Compound and Some Probable Causes of Breakdown' by Edwin Deacon	c.1950s		

File	2011.19/19		c.1940-1950s		Small series of copies from various sources including: 'War Damage to Highways and Roads'
Book	2011.19/20	G.E.C. Power (Engineering) Limited'	1962	G.E.C.	A number of individual sheets containing data on various subjects related to electricity. Subjects included are: Electric Motors Electrical Circuits Cables Connectors & Switches Light Bulbs Meters Formulae for Engineers
File	2011.19/21	Data Sheets	1950s	Complete Electrical Engineering	
Book	2011.19/22	Visitors Book 'Transmission Control Centre NTCC Report Centre NRC Linley House'	1987-1996	Norweb Electricity	
Journal	2011.19/23	Electrical Engineer' Vol VI. No.15	1938	Electrical Engineer	
Binder	2011.19/24	Air Raid Damage-Analysis of Reports Submitted to Electricity Commissioners'	c.1940s		Binder containing the following: Information such as details of the incident, location, extent of damage, actions taken to repair damage, estimated costs. Binder containing hand written details about Air Raid damage, draft reports for official reports
Binder	2011.19/25	Services. Air Raid Damage'	c.1940-1942	Manchester Corporation Electricity Department	
Video	2011.19/26	NTCC 2nd Floor, Linley House		United Utilities	Binder containing photographic prints of electrical equipment
Binder	2011.19/27	Welcome to the Distribution System Management Centre United Utilities - Electrical Control	c.1990s		A number of large format photographic prints taken from original negatives [glass plate?]
File	2011.19/28	Black & white Photographic prints			includes the following: Generator Shaft undergoing repair/service Various distribution switches Circuit diagrams for HT feeders in Manchester Area 'City of Manchester - Town Planning Scheme'
Item	2011.19/29	The Lancashire Electric Power Company - System Diagram'	1948	The Lancashire Electric Power Company	
Item	2011.19/30	The Lancashire Electric Power Company - E.H.T.Mains and Substations	1930	The Lancashire Electric Power Company	
Item	2011.19/31	North Western Merseyside & North Wales Divisions - System Diagram'	1953	British Electricity Authority	
Item	2011.19/32	Central Electricity Authority - North West, Merseyside and North Wales Division - System Diagram	1957	Central Electricity Authority	
Item	2011.19/33	British Electricity Authority - North Western & Merseyside & North Wales Divisions - System Diagram'		British Electricity Authority	
Item	2011.19/34	Central Electricity Authority - Generating Divisions'	1951-1957	Central Electricity Authority	
Pamphlet	2011.19/35	New Electricity Offices for Manchester	1963	North West Electricity Board	Brochure celebrating the opening of the new offices at the Dickinson Street site on the 29th March 1963
